

UPDATE (Aug 5, 2021)

3rd Tennessee Tiny House Festival Rescheduled

Unfortunately, the original venue for our 3rd Tennessee Tiny House Festival notified us the construction at their location won't be completed in time for our 2021 Tennessee dates.

Because of this, we have been forced to reschedule our biennial Tennessee event for Father's Day Weekend in 2022 (Saturday-Sunday, June 18-19, 2022).

As the largest tiny house advocacy and support organization in the world with over 41K+ members, we strive to provide the attendees of our events the most amazing experience as we can possibly provide.

United Tiny House Association has organized 21 successful & highly attended tiny house festivals* over the past 5 years... including the world-record holding Florida and Georgia Tiny House Festivals.

* Note: The Tiny House Festivals & For-Charity Events of the United Tiny House Association are charitable events. Proceeds are donated to the local communities where our events are held and to various charities, non-profits, and great causes. (To date, over \$703K of the proceeds from our organization's 21 events have been donated to 100+ different charities, non-profits, worthwhile causes, and to the communities where our events are held.)

Please do not hesitate to reach out with any questions you might have about our any of organization's up-coming or past For-Charity Tiny House Festivals in California, Florida, Georgia, Louisiana, Massachusetts, New Jersey, North Carolina, Tennessee, Virginia (DC)... and any of our FREE Online Tiny House Events!
